

Request for Proposals #12-1056
Metropolitan Tulsa Transit Authority
Vehicle GPS Tracking System for Fixed Route Bus Fleet
Amendment# 2 February 2, 2012

This amendment provides additional information to firms responding to RFP #12-1056 issued by the Metropolitan Tulsa Transit Authority (MTTA).

Purpose: This amendment answers questions regarding the installation of GPS systems in buses.

Is installation to be done during or after business hours?

MTTA's maintenance facility is closed on Sunday and between 1:00AM and 3:00AM Monday through Saturday. There are a few holiday closings (Memorial Day, Fourth of July, Labor Day, Thanksgiving, Christmas and New Year's Day. Otherwise the facility is open and buses will be made available for the installation.

Is installation to be done at your facility or can it be done off-site at a garage location?

It is preferred that the installations be performed at MTTA's facility in Tulsa, Ok. Any alternate installation location proposed would need to be within Tulsa County.

Additional Information:

The closing date for receipt of bids has not changed as a result of this amendment.

Questions regarding this amendment may be addressed to:

Bettie McGraw, Administrator of Grants and Procurement

510 S. Rockford Avenue
