

**Request for Proposals #18-1805
Metropolitan Tulsa Transit Authority
Janitorial Service Amendment #1
Sept.13, 2017**

This amendment provides additional information to firms responding to RFP #18-1805 Janitorial Service issued by the Metropolitan Tulsa Transit Authority (Tulsa Transit).

Purpose: This amendment clarifies wording in the RFP document.

Clarification:

1. In the original RFP document on page 1 under the Project Schedule section it list a 'REQUIRED PREPOSAL MEETING/VIEWING OF LOCATIONS set for Sept 15th, 2017 from 9am to Noon. The wording for this meeting should be changed to indicate the meeting is not required, but that it is strongly recommended everyone who plans to propose be at that meeting. Not only will we be viewing the locations, there will be a little session on how to prepare the RFP document package for responsive submission of all the required FTA paperwork.
