This amendment provides additional information to firms responding to RFP #20-2015 ADA Paratransit Eligibility Assessment Services issued by Tulsa Transit.

1. What is Tulsa Transit’s fully weighted cost per paratransit trip?

   The current YTD average is $37.25 per trip.

2. Approximately how many trips does an average Lift paratransit customer ride a year?

   According to our Call Center the average number of trips per year, per Lift Paratransit customer is 375.

3. Is Tulsa Transit seeking any immediate improvements?

   There is nothing definite on the horizon in terms of immediate improvements although we always welcome suggestions from our partners.
