

Request for Proposals #21-2118
Tulsa Transit
Legal Services Amendment # 2
Jan 6, 2021

This amendment provides clarification on one of the questions in Amendment #1 to firms responding to RFP #21-2118 Legal Services issued by Tulsa Transit.

- 1) Amendment #1 also listed in the body Drivers Shields as the item being responded to. This is not correct as this is for Legal Services.
- 2) On page 8, under "Fee Proposal," it asks for "an hourly rate for each area of activity in which representation is sought." To clarify, are you asking for one blended rate for all work performed in the area of labor relations (regardless of whether the work is being performed by a partner/shareholder, associate, or even paralegal?), and also one blended rate for all work performed in the area of employee relations?
 - a) This is to correct the answer I gave with Amendment #1 on this question. What we are looking for is a fee schedule that shows rates for Senior Partner, Junior Partner, Associate, Paralegal, etc. Extra expenses like copy expense are also permissible.
