Reading A Schedule Is Easy

1. Find your destination on the map.
2. Find the starting point where you want to catch the bus.
3. Determine the direction and time period you'll be traveling. Pick the timing point (in a circle) nearest your departure location. If your departure location is not at a timing point, you need to estimate the time the bus will take to travel to your departure location from the previous timing point.
4. Below the nearest timing point, locate the departure time. Read the times from left to right to estimate arrival time at your destination. Weekday and Saturday time schedules are different.

Boarding The Bus

1. Bus stops are marked with a bus stop sign or bus shelter. Arrive at your bus stop a few minutes early. Bus drivers can be up to 10 minutes late and still be considered "on time".
2. Drivers will only pick up and drop off at bus stop signs, shelters and benches. Step to the curb to alert the driver you want to ride.
3. Be sure to read the destination sign above the front window of the bus as it approaches. Many different routes could serve that same bus stop. Do not try to catch a bus if the destination sign reads "To Garage" or "Special Service".
4. Have exact fare ready. Fare boxes do not make change.
5. You may pay your fare with cash, or with a pass (or a transfer if riding your second bus.)

Text the bus stop # to **56520** and receive real-time information on buses arriving at this stop.
